

# VOLUNTEER CARE

Volunteers give families support, friendship and time together when they need it most.

Volunteers play a crucial role in providing excellent care and support to our patients and families. Currently, hundreds of people volunteer to help those facing a chronic, serious, or life-limiting illness. We simply could not do it without volunteers.

Your time and talents, with our training and guidance, give families time together with the support and friendship that makes a difference when it matters most.

## You can make a difference.

As a volunteer for Lower Cape Fear LifeCare, your valuable time and talent directly serves those in your community. You make a positive and immediate impact locally. Opportunities include:

- Companionship
- Errands
- Meals of Love
- Salon services
- Memory boards and photos albums
- Respite
- Pet Care
- Lawn maintenance
- Community education

BE INVOLVED

## Becoming a volunteer is easy at Lower Cape Fear LifeCare.

We offer online or in person trainings routinely to make volunteering accessible to all walks of life including students, those who work full-time and those with limited time but a willingness to serve.

- Serve as an individual or as part of a group
- Any age welcome but for those under age 18, opportunities may be limited
- Male volunteers are especially needed; in many cases male patients prefer a male volunteer to provide companionship, social and emotional support

## Become a volunteer today!

You can be the difference in the lives of our patients and families each and every day. Call 910.796.7900 or visit [LifeCare.org](http://LifeCare.org).
